

Mike could you please forward this to Maxey for me.

On March 12, 2005 we had a panel at Maxey, I want to thank each and every person who allowed us to be a part of the panel. This is the second time I have been able to be on one of the panel's at Maxey and the thing that sticks out in my mind the most is the fact that they are such a wonderful group of young men. I want to thank them for being so gracious to all of us that attended.

I would like to do another panel if they will allow us to. I always am amazed that they are doing such a wonderful job, with everything they have had happen to them. May God bless each and every one of them. Each of them will be in my daily prayers. I hope that when they think of the time we spent there they will know that we learned from them, just as we wanted them to learn from us.

Sincerely

Anne Gleason
